Application for Demolition Reimbursement

Date: _____

Name: _____

Address: _____ Daytime Phone #: _____

Location of demolition: _____

Contractor: _____ Daytime Phone #: _____

Address: _____ City: _____

When a structure is demolished, the water line must be disconnected from the water main by the owner. If the owner decides to keep water to the property, he/she must ensure the water line meets City code for a new water line and must install a frost-free hydrant or other like device.

Additionally, all sewer lines must be plugged by the owner before being covered. Concrete or other suitable method of plugging the line shall be used.

The following documentation is required before reimbursement application can be approved:

- a. Proof of ownership: property deed or copy of deed and legal authorization from owner to demolish.
- b. Copy of legitimate receipt(s).
- c. Demolition site inspection: Signature of building inspector _____ Date: _____

Doug Langham
